Evolved

Performer eVo™

A-dec® quality with impressive value

Performer eVo™ brings legendary A-dec reliability and performance together in a smart solution made for the way you practise. Get the essential features you want, the comfort your patients deserve, and the dependable quality A-dec is known for.

Designed for minimal maintenance and engineered for long-lasting reliability, Performer eVo delivers lasting value day after day, patient after patient. It's the best of A-dec, thoughtfully evolved.

a-dec

Designed for dependability

Attention to detail is what sets A-dec apart.

Performer eVo equipment is carefully and thoughtfully designed, right down to the parts you can't even see—from the durable delivery tubing to the precision-machined hydraulic chair cylinders. All to guarantee the highest standards of quality and performance.

Because true dependability isn't just about uptime; it's having the confidence of knowing your equipment will work consistently and predictably, every time you treat a patient.

Designed for performance

Built on the foundation of A-dec expertise, every piece of Performer eVo equipment supports a smoother, more efficient workflow. The ambidextrous delivery accommodates every user, and automatically moves with the chair position, placing your handpieces at the correct height for both seated and stand-up dentistry.

And with smart ergonomic designs that help reduce pain and strain—while supporting healthy posture and visibility—you can stay focused on what matters most: Providing the best dental care possible.

Evolved solutions for your practice

Performer eVo chair – Compact, comfortable and durable
Keep patients comfortably supported with contoured, pressure-mapped surfaces. The ultra-thin backrest lets you roll in close for optimal access.

Performer eVo LED light – True, clear LED light technology
Enjoy more accurate diagnosis, reduced eyestrain and unparalleled ergonomics. Enhanced with a touchless on/off sensor, cure-safe mode and three-axis head for optimal positioning.

A-dec 300 delivery – Adjustable for everyone
Radius® design easily switches for right- or left-handed users in just seconds—with no tools needed—keeping instruments within natural reach. Balanced flex arm with brake ensures stable positioning.

Make it your own

Delivery system

Compact and easy to position to keep everything you need within natural reach. Available in Continental® or Traditional designs to suit your practice preference.

A-dec 300 Continental

A-dec 300 Traditional

Touchpad

Fingertip access comes standard, simplifying chair adjustments and quick access to light and cuspidor controls. Upgrade to the Deluxe touchpad for integrated devices—electric motors, cameras and scalers.

Standard

Deluxe

Foot control

Effortless control, your way. Choose from a disc control with chip blower, or a lever-style control for precise modulation of electric and pneumatic handpieces..

Disc foot control with chip blower

Lever foot control

Stools

Iconic durability with contoured support. An anatomically shaped backrest, adjustable torso support, rolled seat edges and ergonomic tilt help reduce disc pressure and muscle pain.

Performer eVo doctor's stool

Performer eVo assistant's stool

Monitor mount

The optional monitor mount positions conveniently over the patient for consultation and education, and tucks neatly out of the way when not in use.

Monitor mount with arm

Monitor mount

Cuspidor and support centre

The optional porcelain cuspidor swivels for easy patient access and includes a two-litre bottle for ample water supply. Support centre stores amalgam separators, vacuum systems or other ancillaries.

Cuspidor and support centre

Assistant's instrumentation

The telescoping arm precisely positions vacuum instruments for accessibility, supporting your assistant when working close-in to the patient.

Assistant's instrumentation

Formed upholstery

A sleek, vacuum-formed fit with no visible seams makes cleaning and maintenance fast and easy. Available in select standard colours. Ask your authorised A-dec dealer for samples.
